Half-Body (lower with Breast) - \$375*

Well Woman Scan - \$385*/**

Full Body Scan - \$425*

Full Body plus Breast Scan - \$450*

3-month Re-scan of Breast - \$195, unless prepaid with the initial scan, then \$170

All of the above services include:

- Scanning Session with an ACCT Certified Thermographer
- Professional Medical Analysis by a medical doctor licensed in the United States
- Two copies of the doctor's written Report of Findings, scan images included

The practitioner hosting the Mobile Clinic has agreed to have reports of all current patients sent directly to him/her. If you are not currently a patient of the practitioner, the report will be mailed directly to you.

*The most important scan for the breast is the re-scan. Taken 3 months after the first appointment, the interpreting doctor examines the re-scan for any changes that might relate to rapidly developing issues.

**Well Woman Scan includes images of the Face, Sinus and Dental areas, Thyroid, Neck, Potential for Stroke, Breasts, Ovaries and Uterus.
